

Beach Water Safety

Task 1

Read through the potential scenarios that could happen at the beach.
Tick the ones that could lead to dangerous situations in the water.

1. Covering yourself with too much sunscreen. ☐
2. Swimming in the sea when a red flag is showing. ☐
3. Staying well away from the water if you can't swim. ☐
4. Forgetting your life jacket in the car. ☐
5. Jumping from rocks where the water is very wavy. ☐
6. Swimming where there are sometimes rip currents. ☐
7. Realising you forgot to pack your picnic. ☐
8. Playing in the water where there is no lifeguard. ☐

Task 2

Use the scenarios above and your own ideas to create a poster on beach water safety. Make sure it is informative and eye-catching. You can use the space below to **sketch out** what your poster will look like and make any notes.
